PUBLIC WORKSHOP MEETING
EAST BERNE FIREHOUSE**

Date: September 19, 2006

Present: John Crosier, Gerard Chartier, Michael Vincent, Daniel Burns, Mildred Johansson, Planning Board Members; Carol Crouse, Town Board Liaison

On September 19, 2006 about 50 residents from the East Berne area came to an informational gathering public workshop meeting, held at the East Berne Fire House. The town of Berne planning board in conjunction with the town board applied for a grant to do a Hamlet study of East Berne. The town of Berne hired Nan Stolzenberg to head this study with the help of CDTC.

The goal of the public workshop was to get the residents opinion on the hamlet. The study would look at the revitalization, activities in the hamlet, transit corridors, and pedestrian walks. The study would also take into any considerations the residents thought were vital to the hamlet.

The audience were given handouts to work on by table or individually. The handouts were the Positive and Negative features, zoning map. The handouts were used in a visioning exercise.
